EXPERIENCE

Heryer Online | Javascript ● React.js ● Node.js ● Meteor.js ● MangoDB

Software Engineer | July 2022 - May 2023, Ankara/Turkey

A platform where you purchase and complete the training, and earn a certificate.

- I designed a one-on-one private lesson feature.
- I monitored the amounts of CDN used within the web application in the background and provided a different billing system for companies CDN amounts .
- I was involved in developing the video player, for example, preventing users from switching to a new course lesson before completing the previous one, adding proficiency exams at the beginning and end of the course, determining the number of views for purchased course videos for a different billing system, and more.

Bosch | SQL ● Putty ● NNM ● Oracle

Network Engineer Intern | July 2023 - August 2023, Bursa/Turkey

Data Centers

- Data center maintenance
- I retrieved data from the oracle database for the web in SQL format and used it.
- I monitored the servers with NNM program and detected any issues that had occurred.

Ekinoks | Typescript ● MongoDB ● React.js ● Graphql ● Node.js

Software Engineer | July 2023 -, August 2023 Bursa/Turkey

Construction Promotion App(Project based app)

- I created the application to be compatible with multiple languages, and since the website required good performance, I built the backend using GraphQL with a caching feature. For the frontend part, I used React.
- I developed an admin site for the web application. It was a versatile admin system where everything, from the appearance to the content, could be modified.

COURSEWORK

I have completed more than 30 certificated course. All my certifications are showing in my linkedin account. But I would like to list the titles of courses:

- Node.js - Graphql course links: 1 - 2 - 3 - 4
-) Javascript, Typescript course links: 1 - 2 - 3 - 4 - 5 - 6 - 7 - 8 - 9
-) React native course link: 1
-) React.js course links: 1 - 2- 3 - 4
-) SQL and NoSQL course links: 1 - 2 - 3 - 4
-) Data structures and algorithms link: 1

And much more, this data makes people ask me like why did you completed that much course? Answer is I have passed the skill tests so i just reinforced my knowledge, so i did not watch them all.

ACTIVITIES

Archive Manager, Community Volunteers Foundation

- Archiving social projects data
  To provide social benefit by participating in social projects.

Mobile Developers Manager, Electrical and Computer Systems Society

- Project development with a team. Leadership

LANGUAGES

Turkish is my native language but I can also speak:
English
Russian(elementary proficiency)
French(elementary proficiency)

EDUCATION

Balıkesir University
Computer Engineering
2020-2024

SKILLS

Back End Development
- Express.js
- Node.js
- Graphql
- Meteor.js

Front End Development
- React.js
- React
- Native
- Javascript
- Html
- Css
- Boostrap
- Redux
- Meteor.js

Databases
- MongoDB
- Firestore
- Postresql
- Mysql

INTERESTS

- Traveling
- Swimming
- Fitness
- Self-improvement
- Food
